## About e-Seba Manipur

The e-Seba Manipur Portal is the official digital service platform of the Government of Manipur, developed and maintained by the Department of Information Technology (DIT), Government of Manipur. It is a key initiative of the National e-Governance Plan, with the objective of delivering citizen-centric services through an online platform.

The portal facilitates seamless digital access to a wide range of government services, thereby minimizing the need for physical visits to government offices. It serves as a unified, single-window interface for availing multiple public services efficiently and transparently.

Our mission is to promote digital governance, enhance transparency, reduce processing time, and ensure that public services are available anytime and anywhere across the state.

## Key Services Available

The e-Seba Manipur Portal delivers departmental services through a structured, transparent, and citizen-centric digital framework. The following services are currently available and proposed:
